**TOPIC: THE BACKSLIDDEN CHRISTIAN Part 7**

## **THE BACKSLIDER'S RESPONSE**

**TEXT: II Kings 5:15-26.**

As we round up this topic of the backslidden Christian, we will want to consider the responses we often get from backsliders who want to remain in their backslidden state. As for the other types of backsliders, which are the sheep, the coin and the son, they were willing to return. However, we have some backsliders who are not willing to return or if they are willing to return, they want to do it on their terms.

There are several examples in the Bible who backslid from their glorious states. Examples like Gehazi, Adam and Eve, King Saul, Ananias and Saphira etc.

If we are going to understand the backslidden state of a backslider and be able to help him or her, we must understand that backsliding is more of a spiritual challenge than physical one. (A person could be dying spiritually but all around him, things might look upscale fancy) Also, we must know that God hates backsliding. **Heb 10:38**. I did not

say God hate backsliders. If we know this, we must make adequate spiritual and physical efforts to restore a backslider

**CONCLUSION:** At the beginning of this study, we made it clear that he that wins souls is wise. Prov 11:30. It will excite heaven when we undertake the business of soul restoration. Just like soul winning, you must know what you are getting involved in when you choose to counsel a backslider with a view to restore him or her. It takes a lot of tact and prayerful preparation. It is not an entertainment or an operation we should undertake without prayers. If not properly done it could lead to a complete loss of the backslider and sometimes the helper goes into depression.
